# Colourful Hand Flowers

A fun activity for little ones, gather paper, scissors, paint and glue and settle in for hours of colourful creativity.

1. Start with a selection of paints (don't forget aprons in case things get messy).

2. Prepare a piece of paper.

3. Place your hands in the paint, or use a paintbrush to apply to the hand, and gently make a handprint on paper.

# Colourful Hand Flowers

A fun activity for little ones, gather paper, scissors, paint and glue and settle in for hours of colourful creativity.

4. Let your handprints dry and cut them out.

5. Draw or paint a flower stem on another piece of paper, and use glue to apply to the handprints to create your 'handprint flowers'.
